

Development is fundamentally about Change.

SO How Do People Actually Change?

Lasting Change is impossible without the Holy Spirit.

Praying for change is central in the development process.

STEPS OF CHANGE

1. Circumstances - create a need for change - Looking at your life
2. Trigger

3 Basic Triggers for Change:

1. Recent Crisis
 2. A burden becoming so overwhelming that they want to pursue change
 3. The introduction to a new way of doing or seeing that could improve their lives, -- Maybe my life can be different
3. Reflect on your reality
 4. Act (Implement new decisions)

CHANGE – Empowerment Process

SUCCESS STORY:

1. Discover God-given abilities, potential, and dreams
2. Circle of Support provides the training, encouragement, and discipleship.
3. Putting Feet to the Hopes.

How to Help:

1. Learn to listen to a person's need
2. Ask the right questions
3. Help them think more of themselves rather than less of themselves.

Materially poor people have a Lack of Access to Social Networks.

What they Need: Teams of Support to walk across time.

- Help her to discover her gifts
- Develop her gifts
- So she doesn't have to keep asking for help.
- Walk with her in a relational way.

Most are funding a material approach when what we need is a relational approach.

Start with People most receptive to change.

Development can only occur with people who are Willing to Change.
